CIGARREV. A. E. CORY BIDS
HAWAII FAREWELLReception Given in His Honor at
the Christian Church
Last Night.

REV. A. E. CORY.

Farewells were spoken last evening at the Christian church and many were the Godspeeds for Rev. Abram E. Cory and his wife who depart today for the missionary field of China. The popular young pastor who has made his home in Honolulu for the past sixteen months, creating friendships among all whom he met, delivered his last address and said his last goodbyes to those who have been the members of his congregation since almost the beginning of this year. It was a popular demonstration and the regrets at his departure were many and sincere. Few pastors have so ingratiated themselves in the hearts of their congregations as Mr. Cory and he goes to his new field of labor feeling that what he has done in the work for Christ in the Hawaiian Islands has the stamp of approval from all those with whom he has been associated during his stay. There were eager ears awaiting the signal announcing the coming of the steamship Doric from the Coast, the vessel which is to carry the missionary and his wife to China today. Mrs. Cory was anxiously awaiting the signal and when it did come, none were more regretful than she, for it marked the ending of their pleasant life in Honolulu.

The Christian church was prettily decorated in honor of the occasion and none but Island blossoms and greens formed any part of the decorations. The arrangement of the floor space was unique in that the center was open for a pyramid of potted palms and ferns near which Mr. Cory and his wife stood to receive the farewell felicitations of the congregations and the pastor's friends. The pulpit platform was flanked with masses of palms in boxes, ferns, plumaria blossoms, while a fringe of greenery was strung along the top of the vestry partitions. In the corners and upon the walls palm leaves formed an effective decorative scheme. Chairs were arranged around the sides of the room. The body of the church while

small was amply large to receive all the guests to the reception during the evening.

There was no set program and addresses and singing were extempore. The Murphy Club quartette sang three selections, while brief addresses were made by Rev. W. D. Westervelt, Rev. F. W. Damon, Rev. Mr. Cory making a brief farewell address replete with goodbyes. The reception was concluded by the serving of dainty refreshments of ice cream and cake.

Rev. A. E. Cory received his first missionary call as pastor of the First Christian Church at Oskaloosa, Iowa. The Christian society asked him to come to Honolulu and assist here for an indefinite period. It was understood at that time he was to go to a foreign field but what field was not stated. He has been in Honolulu sixteen months, coming here under the Foreign Christian Missionary Society. When Rev. John C. Hay left the Christian Church Mr. Cory was asked to take charge. In March of this year he was asked to stay permanently. The matter hung fire until July when the Society gave him orders to proceed to China. His exact location in China will not be known until his arrival but will probably be somewhere in the Yang Tse Kiang river province. The Chinese Committee will designate his field of labor. For the next two or three years he will apply himself assiduously to learning the Chinese language.

Mr. Cory went as chaplain to the 1600 soldiers on the transport Logan last year to Manila and the results of his work on the vessel were satisfactory. He went under the auspices of the local Y. M. C. A. On his return he stopped at Hongkong and Shanghai and became acquainted with members of the Christian band. In Honolulu Mr. Cory was an earnest worker in the Ministerial Union, The Protective League, Anti-Saloon League, Boys' Brigade and other religious organizations. Although so prominent in church affairs Mr. Cory is yet quite a young man, being but twenty-eight years of age.

SCHLEY'S BRAVERY IN A STORM.

Rear Admiral Schley is as brave as a lion," said First Sergeant George Boyce, formerly of the United States marine corps, who drills the boys of the Brooklyn training school. "I was master-at-arms aboard the Essex in 1870 and I saw Schley under conditions fit to try the bravest man. He was in command of the Essex.

"We were on the way from Montevideo to Rio Janeiro, when a typhoon struck. Our shaft was broken and our bulwarks swept away. For three days the hatchways were battered down and Schley was tasked to the bridge. Even coffee-making was impossible and Schley lived on bluet.

"When we got to the harbor outside Sugar Loaf mountain at Rio the weather all dead calm and a tug came out to tow us in.

"How much?" asked Schley.

"Five hundred dollars," said the tugman.

"Wait till 2 o'clock and we'll tow you out," said Schley.

"He knew at 2 o'clock each day there

NEW BOOKS

MEN! DO YOU!

Do you want to be strong? Do you want to feel the vim, the snap and fire of manly vigor? Do you want courage, energy and ambition to support you in your cares and troubles?

I have devoted my life to the development of manly and womanly vigor. I've made a great success. My methods are approved by the greatest doctors and copied.

I've proven that electricity is the basis of all animal life and that "weak men," dyspeptics, rheumatics, sufferers from lost energy, weak kidneys, pains in the back, head, chest and shoulders

from varicose and its allied weaknesses, etc., are weak in electricity. My Electric Belt restores his life in a few weeks and cures every time. If it fails I ask no pay.

Describe your case to me, and if I say I can cure you I will guarantee to do so.

Drugs won't restore your strength. They only stimulate. If you have to take a stimulant, take whisky. Taken in moderation it does less harm than the others.

"Every sign of pain and weakness has disappeared. I appreciate what your Belt has done for me," writes J. Schwarz, Coleridge, Trinity County, Cal.

I will gladly send you my book on this subject. It has 82 pages of meat to people who want more "fire." Sealed, free.

CAUTION.—Makers of old-style, blistering and burning belts are now offering imitations of my Belts and Electrodes. LOOK OUT FOR THEM.

I take imitations of my belt. Call today or write.

ter mine is. Consultations free. In trade, just to show how much bet-

Dr. M. G. McLaughlin, 702 Market Street, San Francisco, California.
